NAIRR Pilot

Classroom Expansion Conferences

- Research Emerging -
Large

Traian Marius Truta

Northern Kentucky University

Welcome Notes

**Classroom
Expansion
Conferences**
- Research Emerging -
Large

- Thank you for joining us for the **NAIRR Pilot Classroom Expansion Conference for Research-Emerging Institutions with Large Computing Programs.**
- This conference would not have been possible without the vision, leadership, hard work, and support of many colleagues.
- **Computing Research Association**
Tracy Camp, Jeff Forbes, DJ Jones, Yash Tadimalla, Janine Myszka
- **Kennesaw State University**
Shaoen Wu, Chloe Xie
- **Texas State University**
Hongchi Shi
- **Northern Kentucky University**
Junxiu Zhou
- **National Science Foundation**
We are especially grateful to NSF for sponsoring this important initiative and to our Program Officer, **Dr. Sharon Geva**, for her leadership, guidance, and continued support.

Conference Information

**Classroom
Expansion
Conferences**
- Research Emerging -
Large

- **Conference Program**

Agenda:

<https://cra.org/nairr-pilot-conferences-research-emerging-institutions-with-large-computing-programs/#conference-agenda>

- **Presentation Materials**

Presentation slides are available at: <https://cscdb.nku.edu/nairr/>; additional presentations will be posted as they are received.

- **Conference Logistics**

All conference activities and meeting rooms are located on this floor. Dinner is provided this evening, and breakfast and lunch are provided tomorrow.

- **Conference at a Glance**

Approximately 78 participants are expected. The program features 2 keynote talks, 1 panel, 3 workshops, 4 discussion sessions, and approximately 35 short presentations across 4 parallel session blocks.

NAIRR Conference Agenda

Presentation Materials

Brief Remarks

**Classroom
Expansion
Conferences**
- Research Emerging -
Large

- **Dr. Sharon Broude Geva**

**Program Director, Office of Advanced Cyberinfrastructure
U.S. National Science Foundation**

- Co-Chair, National AI Research Resource (NAIRR) Pilot Program Management Office
- Oversees national cyberinfrastructure programs, including ACCESS

- **Dr. Tracy Camp**

**Executive Director and CEO
Computing Research Association**

- Leads CRA's work supporting the computing research community
- Former CRA Board Chair and former Head of the School of Computing at Colorado School of Mines

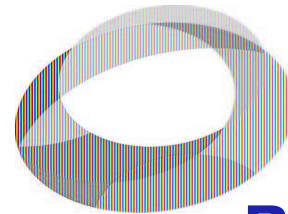

COMPUTING RESEARCH ASSOCIATION

Uniting industry, academia, and government to advance computing research and change the world.

Hi, I'm Tracy

Generation CS:

Computer Science Undergraduate Enrollments Surge Since 2006

**Executive Director and CEO
Computing Research Association (CRA)**

What We Do

Our **mission** is to catalyze computing research by engaging industry, government, and academia.

- **Lead** the computing research community
- **Inform** policymakers and the public
- **Promote** the development of an innovative and responsible computing research workforce

CRA

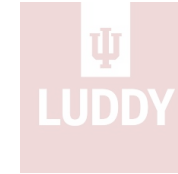

Computing Research
Association

Who We Are

Microsoft
Research

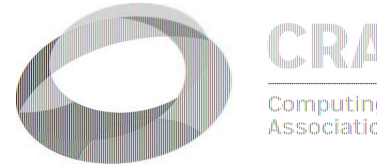

Stanford
Computer Science

Our membership
spans nearly **300**
institutions across
industry, government,
and academia

GOVERNMENT AFFAIRS

Advocate and analyze policy
for the computing research community

CRA offers a variety of enrichment opportunities for researchers of all career stages – from undergraduate to leadership

- ✓ Gain skills
- ✓ Grow networks
- ✓ Advance careers
- ✓ Find job opportunities
- ✓ Access best practices
- ✓ Understand the ecosystem
- ✓ etc.

cra.org

NAIRR Pilot Classroom

Expansion Conferences

- Historically Black Colleges and Universities (HBCUs)
- Minority Serving Institutions (MSIs)
- Community Colleges

- Research-Emerging Institutions with Small-to-Medium Computing Programs
- Research-Emerging Institutions with Large Computing Programs
- Four-Year Colleges and Universities

For each conference:

- **Goals include:**
 - Increase instructional capacity via NAIRR. Develop community of practice for faculty.
 - Identify best practices for welcoming AI education. Improve instructor NAIRR confidence.
- **Phase 1: Roundtable discussions** - Engage stakeholders in short **virtual meetings**.
- **Phase 2: Workshops** - **Face-to-face** discussions and developing action plans.

Supported by the U.S. National Science Foundation (CCF Awards 2515201, 2515526, 2515633, 2515656, 2515701, & 2518520).

NAIRR Pilot RCN

01

Webinars and Monthly meetings

- Monthly meetings on best practices and NAIRR resources.
- Collect/Share resources, including course materials, data sources, and assessments.

02

NAIRR AIEDU HUB

- Resources for AI education at undergraduate & masters levels.
- Resources for preparing faculty to include NAIRR in AI courses.

03

NAIRR AIEDU Fellows

- Champion efforts at institutions across the country.
- Develop best practices for increasing capacity to AI education.

Supported by the U.S. National Science Foundation (CCF Award 2518797).

Monthly Members' Guide to CRA Opportunities

Dear CRA Members,

As we turn the calendar to July, I'm brimming with excitement for the upcoming [2025 CRA Summit](#) in San Francisco! If you plan to attend and haven't registered yet, please do so as soon as possible — we're looking forward to an energizing and impactful gathering. Also note that funding is available to support attendance at the CRA Summit on AI Undergraduate Education. Details on applying for this funding is in the invitation to register.

This is also the season when new leaders begin their terms on CRA's Board of Directors. I encourage you to take a moment to [check out our newly elected and reelected members](#), as well as the incoming Board Officers who will help guide CRA's work in the years ahead.

And in case you missed it: we recently published the latest **CRA Taulbee Survey Report!** This year's report includes important insights into computing degree production and enrollment trends, and is now available in a redesigned, web-based format for easier navigation and exploration. Check out [the new report](#), as well as our [report announcement in the June CRN](#).

As always, this CRA Download highlights ways to get involved, support your colleagues and students, and stay connected with our work at CRA. Please take a moment to share relevant opportunities with others in your unit — your outreach can open important doors.

All the best,

Tracy Camp, Ph.D. (she/her)
ACM Fellow; IEEE Fellow
Executive Director and CEO
Computing Research Association

For Departmental Leaders

Expand Undergraduate Participation in Research - Join UR2PhD As An Institutional Partner

UR2PhD offers various programming activities and opportunities that help students develop professionally. This includes research training, mentor training, and funding to help support research activities. Institutional partners benefit from priority access to these activities!

Institutional partners are schools and universities committed to expanding research opportunities for undergraduates. Local coordinators work to recruit, engage, and support undergraduate students and faculty mentors (and graduate students, if applicable). Local coordinators can earn up to \$10,000 for their service.

For the fall, applications will be accepted through **August 15** — but it's never too early to apply!

[Learn more about institutional partnerships](#)

To Share With Your Faculty and Researchers

Enhance Your Mentoring Skills This Summer

Back for a second year, the [CRA-WP Mentoring Mentors Webinar Series](#) offers interactive sessions focused on building effective, inclusive mentorship practices in computing research.

Designed for graduate students, postdocs, and early-career faculty, the final sessions include:

- **July 18:** Addressing Productivity and Engagement Challenges – Jeremy Waisome, University of Florida
- **July 24:** 2025 Series Townhall - Kyla McMullen, University of Florida & Ming Lin, University of Maryland (Invitation only to those who have attended at least one prior session)

Sessions offer practical strategies to support diverse mentees and strengthen your overall mentoring impact. A one-time \$20 registration fee is fully reimbursed after attending at least one session and completing a short survey.

👉 [Register now](#) to attend the final session, and gain access to the previous session recordings and resources!
